- Screenshorts
- Conclusion

ABSTRACT

- Web development refers to the creating, building, and maintaining of websites.
- It is the creation of an application that works over the internet i.e. websites.
- Web development can range from developing a simple single static page of plain text to complex web applications, electronic businesses, and social network services.

INTRODUCTION

- I have done my summer internship in NEXT24TECH TECHNOLOGY AND SERVICES as WEB DEVELOPMENT INTERN completing the projects which was assigned to me.
- It is a great platform for internship to show my skills.My internship experience at the technology company was a valuable stepping stone in my professional journey.
